SUMMARY

Software Engineer with a strong understanding for Java and Back-End Development. Skilled in building and debugging applications using Spring Boot and JWT, with solid knowledge of OOP, databases (MySQL, PostgreSQL), and front-end basics (HTML, CSS, JavaScript, React). Eager to learn, grow, and contribute to innovative software solutions.

EDUCATION

undergraduate Bachelor's in Software Engineering

The Hashemite University | Zarqa, Jordan

TECHNICAL SKILLS

- **Java**
- **Spring Boot**
- **Spring Security**
- **JWT**
- **Spring Data**
- **OOP**
- **MySQL, PostgreSQL**
- **RAG - Vector DB**
- **HTML, CSS, JS ,React**

- **IntelliJ IDEA**
- **NetBeans**
- **GitHub**
- **Ducker**
- **Postman API**
- **Azure Microsoft**
- **linux**
- **VS code**
- **Swagger**

EXPERIENCE

Projects

eCommerce project: A complete eCommerce REST API with role-based access control (USER, SELLER, ADMIN). Includes product & category management, shopping cart, order processing, and address handling. Built with Spring Security, JPA, and H2/MySQL database support. Fully documented with Swagger/OpenAPI for easy API exploration and testing.

product-management-project: A backend application built with Java and Spring Boot for managing products—enabling creation, retrieval, updating, and deletion of product records.

Privacy-ai : A project that helps users automatically generate brief summaries of websites using AI from Gemini.

It processes web content intelligently to provide concise, clear overviews—saving users time and improving information accessibility.

Hackathons

Team Leader - Build with AI Hackathon from GDG (Google Developer Group): Led the "Java Cup" team to achieve **6th place** out of approximately 50 competing teams. Demonstrated effective leadership and technical execution by leveraging Java, Spring Boot, and AI from vertex-ai.

in this project we have learned and used RAG system in our chat-bot to give us more efficient answers with less helosenasion

Volunteering

I have been an academic team member at the Etihad IT team at IT College since

February 2024. During this period, I have learned many soft skills.
